

**What is the name of your group?**

**What is or are your stated aim(s)?**

**What are your activities?**

**Do you have an annual celebration or party?**

**Would you describe your location as rural, urban or suburban?**

**On average how many people attend your meetings, and this number growing?**

**How often do you meet, and where would a typical meeting take place?**

**What is the average age of your group, roughly; and is your group single-sex?**

**What proportion of your members is in paid work, again, roughly speaking?**

**How do members of the group communicate with each other about when and where to meet?**

**What is the administrative structure of your group?**

**Do many of your members also belong to other part-time voluntary groups?**

**How and when did your group first come about?**

**How would you describe the effect of the internet on your group – has it affected the frequency of your meetings, size of your group, geographic range of the group?**

**How do potential new members get to hear about you? (word of mouth, internet etc.)**

**Would you say you know those in your group better than your neighbours?**

**How would say most members benefit from being a part of your group?**
